Hi Jane,

Can you provide some dates that week and times? Perhaps sometime in the afternoon in case some people need to travel?

Thank you, Leann –

Regional Administrator Dunn is scheduled to be in Washington a fair bit over the next few weeks, including the week of January 29 -

Would you have availability the week of February 19? We would be glad to try to work around your preferences for that week –

Kind regards,
Jane Lindsay

Dear Ms. Plagens:

On December 26, 2017, James Andrews, President of Granite Shore Power LLC (Granite Shore), sent a letter to Deborah Szaro, then Acting Regional Administrator of the Region 1 office of the United States Environmental Protection Agency (EPA Region 1). I was tasked with sending this brief response.

In his letter, Mr. Andrews requested a meeting with Ms. Szaro and relevant staff from EPA Region 1. Since that request came in, Granite Shore closed on its purchase from Eversource Energy of the Merrimack, Schiller and Newington power plants, as well as the Lost Nation and While Lake facilities. In addition, since Mr. Andrews' letter was sent, Alexandra Dapolito Dunn has started her work as EPA Region 1's new Regional Administrator. We communicated your request for a meeting to Ms. Dunn and she is glad to meet with Granite Shore. The Regional Administrator's Administrative Assistant Jane Lindsay will be contacting you to arrange a mutually agreeable time for this meeting.

We look forward to talking with Granite Shore's representatives soon.

Sincerely,

Mark A. Stein
